Overview Packaging Material

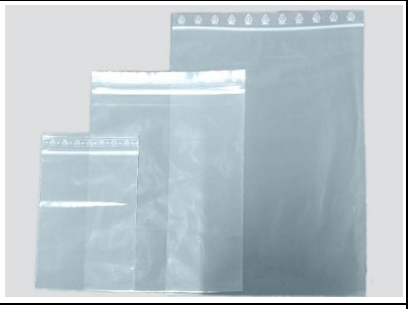

Sustainability

This overview serves to clearly identify the packaging we use. Necessary information is provided for each packaging type. This supplements the information found on the packaging itself, thereby facilitating proper sorting and disposal. Applicable national regulations and collection systems in the respective country must be observed.

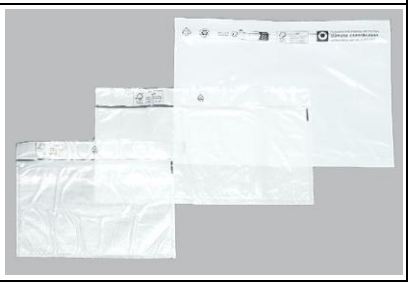

Packaging Catalog

Packaging type	Description	Material	Recycling-code	
Cardboard blank/ Cardboard insert	Blank made of corrugated cardboard	Corrugated cardboard	20 PAP	
Foam cut-to-size	PE foam cut-to-size piece	Polyethylene	04 LDPE	
Fixation packaging	Fixation packaging with foil and shipping carton	Corrugated cardboard with foil	20 PAP	
Kraft paper	Brown kraft paper	Paper	22 PAP	
Packing tape/ Adhesive tape	Paper Adhesive tape	Paper	22 PAP	

Overview Packaging Material

Packaging type	Description	Material	Recycling-code	
Packing tape/ Adhesive tape	PP Packaging tape, clear or with printing	Poly-propylene	05 PP	
Packing tape/ Adhesive tape	PVC Packaging tape, white	Polyvinyl chloride	03 PVC	
Air cushions	Air cushions	Polyethylene	04 LDPE	
Plastic bag	Poly bag, different sizes	Polyethylene	04 LDPE	
Plastic bag	Grip seal poly bag, different sizes	Polyethylene	04 LDPE	
Plastic bag	Static shielding bag, different sizes	Composite material	07 Other	

Overview Packaging Material

Packaging type	Description	Material	Recycling-code	
Bubble wrap	(Anti-Static) Bubble wrap/ Bubble wrap bags, different sizes	Polyethylene	04 LDPE	
Document enclosed bag	Document enclosed bag, different sizes	Polyethylene	04 LDPE	
Label	Label, different sizes	Paper	22 PAP	
Strapping	PP strapping tape	Poly-propylene	05 PP	
Stretch film	Pallet wrap, clear	Polyethylene	04 LDPE	
Pallet	Wooden pallet	Wood	50 FOR
